Program
International School for Young Scientists
“Artificial Intelligence and Cybersecurity”

North-Caucasus Federal University
Stavropol, 2 Kulakova Ave., Building 10, Conference Hall 218
(entrance from Kulakova St.)

Online access link: https://salutejazz.ru/calls/6ejshv?psw=OB8HUgQXVRgHDwBEWwNCCwgFHQ

Time	Format	Event	Speaker: Name, Position, Affiliation
October 20, 2026			
10:00-10:30	In person	Opening of the Young Scientists School and welcome remarks by the organizers	Mikhail Grigorievich Babenko, Doctor of Physical and Mathematical Sciences, Professor, Head of the Department of Computational Mathematics and Cybernetics, Faculty of Mathematics and Computer Science, North-Caucasus Federal University, Stavropol
10:30-11:00	Coffee break		
11:00-12:30	In person	Transformation of the threat landscape in the era of autonomous artificial intelligence systems	Alexander Vasilievich Kozachok, Doctor of Technical Sciences, Professor, Head of Laboratory, V.P. Ivannikov Institute for System Programming of the Russian Academy of Sciences, Orel
12:30-14:00	In person	On the application of artificial intelligence in industry - telecommunications network management and software development: common problems and different approaches to their solution	Dmitry Vladimirovich Koznov, Doctor of Technical Sciences, Professor, Department of System Programming, Saint Petersburg State University, Saint Petersburg
14:00-14:30	Lunch break		
14:30-16:00	Online	Semi-automated search for scientific sources in information security using artificial intelligence	Igor Denisovich Kotilevets, Associate Professor, Senior Lecturer, Department of Digital Data Processing Technologies, Institute of Cybersecurity and Digital Technologies, MIREA - Russian Technological University, Moscow
16:00-17:30	Online	Application of computer vision technologies in medical intelligent systems	Andrey Vladimirovich Rudenko, Candidate of Technical Sciences, Senior Lecturer, Department of Computer Engineering and Modeling, Institute of Physics and Technology, V.I. Vernadsky Crimean Federal University, Simferopol

17:30-19:00	Online	Approaches to the analysis of modern encryption algorithms	Evgeniya Alexandrovna Ishchukova, Candidate of Technical Sciences, Associate Professor, Institute of Computer Technologies and Information Security, Southern Federal University, Taganrog; Associate Professor, Maykop State Technological University, Maykop
October 21, 2026			
08:30-10:00	Online	Continuous user authentication and integration of methods within it	Evgeny Yurievich Kostyuchenko, Candidate of Technical Sciences, Associate Professor, Head of the Research and Engineering Center “Intelligent Systems for Trusted Interaction”, Tomsk State University of Control Systems and Radioelectronics, Tomsk
10:00-10:30	Coffee break		
10:30-12:00	In person	“The War on PDFs”: why document analysis is “data hell” and how to deal with it?	Andrey Anatolievich Mikhailov, Candidate of Technical Sciences, Head of the Youth Laboratory of Artificial Intelligence, Data Processing and Analysis, V.M. Matrosov Institute for System Dynamics and Control Theory, Siberian Branch of the Russian Academy of Sciences, Irkutsk
12:00-13:30	In person	Vulnerability of artificial intelligence models: methods for verifying data and model integrity	Marina Anatolievna Rudenko, Candidate of Technical Sciences, Head of the Center for Artificial Intelligence and Big Data Analysis, V.I. Vernadsky Crimean Federal University, Simferopol
13:30-14:30	Lunch break		
14:30-16:00	Online	Security of multi-agent systems	Nina Ivanovna Romancheva, Candidate of Technical Sciences, Dean of the Faculty of Applied Mathematics and Computer Engineering, Moscow State Technical University of Civil Aviation (MSTUCA), Moscow
16:00-17:30	Online	Security of cyber-physical systems using artificial intelligence	Elena Sergeevna Basan, Candidate of Technical Sciences, Associate Professor, Southern Federal University, Taganrog
17:30-18:30	In person	The art of preparing projects in artificial intelligence and cybersecurity	Dmitry Vladimirovich Koznov, Doctor of Technical Sciences, Professor, Department of System Programming, Saint Petersburg State University, Saint Petersburg
October 22, 2026			
08:30-10:00	In person	Cryptographic protocols for information security tasks	Evgeniya Alexandrovna Ishchukova, Candidate of Technical Sciences, Associate

			Professor, Institute of Computer Technologies and Information Security, Southern Federal University, Taganrog; Associate Professor, Maykop State Technological University, Maykop
10:00-10:30	Coffee break		
10:30-11:00	In person	When Smart Contracts Go Wrong: Can Blockchain Code Be Hacked?	Фазех Садат Саджади (Faezeh Sadat Sajadi)
11:20-12:00	In person	Round table “AI Technologies in the Media Space”	Nina Alexandrovna Platonova, Candidate of Philological Sciences, Organizer of the Annual Open Conference of ISP RAS, Moscow
10:30-12:00	Online	Trustworthy artificial intelligence: achievements and prospects	Denis Yurievich Turdakov, Candidate of Physical and Mathematical Sciences, Head of the Research Center for Trustworthy Artificial Intelligence, V.P. Ivannikov Institute for System Programming of the Russian Academy of Sciences (ISP RAS), Moscow
12:00-13:30	In person	Program and software system analysis: current state and prospects	Andrey Andreevich Belevantsev, Doctor of Physical and Mathematical Sciences, Corresponding Member of the Russian Academy of Sciences, Head of Laboratory, V.P. Ivannikov Institute for System Programming of the Russian Academy of Sciences (ISP RAS), Professor, Department of System Programming, Faculty of Computational Mathematics and Cybernetics, Lomonosov Moscow State University, Moscow
13:30-14:30	Lunch break		
14:30-16:00	Online	Optimization and protection of neural network models for modern computing devices	Maxim Anatolievich Deryabin, Candidate of Technical Sciences, Researcher, Computing Systems Research Center, Samsung Advanced Institute of Technology (SAIT), Republic of Korea
16:00-17:30	Online	Development of distributed application software packages	Alexander Gennadievich Feoktistov, Doctor of Technical Sciences, Chief Researcher, Laboratory of Integrated Information Systems, V.M. Matrosov Institute for System Dynamics and Control Theory, Siberian Branch of the Russian Academy of Sciences, Irkutsk
October 23, 2026			
09:00-10:30	In person	Digital Ark: security of cultural code	Irina Alekseevna Ivanova, Candidate of

		using artificial intelligence technologies	Technical Sciences, Associate Professor, Head of the Department of Digital Data Processing Technologies, MIREA - Russian Technological University, Moscow
10:30-12:00	In person	AI-based intrusion detection for unmanned systems: taxonomy and comparative review	Elena Sergeevna Basan, Candidate of Technical Sciences, Associate Professor, Southern Federal University, Taganrog
12:00-12:40	In person	Round table “Application of AI Technologies in Education: Trust and Challenges”	Yana Sergeevna Agakhanova, Candidate of Physical and Mathematical Sciences, Associate Professor, Department of Higher Mathematics, Moscow Institute of Physics and Technology (MIPT), Moscow Alexander Sergeevich Basan, Candidate of Technical Sciences, Associate Professor, Southern Federal University, Taganrog
12:40-13:00	In person	Summary of the Young Scientists School	Mikhail Grigorievich Babenko, Doctor of Physical and Mathematical Sciences, Professor, Head of the Department of Computational Mathematics and Cybernetics, Faculty of Mathematics and Computer Science, North-Caucasus Federal University, Stavropol
13:00-13:30	Coffee break
